

CAPABILITY STATEMENT

UEI: KJA9ETTD8FD7 | CAGE: 4PQT9

ABOUT

Transpacific Technologies Inc (TTI) delivers innovative engineering and technology solutions along with safety support solutions within federal agencies to ensure safe, efficient, mission-critical environments.

PAST PERFORMANCE

- DOC | NOAA
- NASA | JSC
- NASA | ARC
- DOE | WAPA
- NAVY | NAVFAC
- NASA | JPL

Sample Projects

- Next Gen Water Prediction Software Engineering
- R&D of Optical Communications for Satellites, Embedded Systems & Project Engineering
- Occupational Health & Safety / Quality Control
- Safety Mission Assurance
- Data Systems Integration & Operations
- Engineering Design, Development, Integration, Testing for Ground & Space Applications

CORE COMPETENCIES

Engineering & Technology

- System Engineering
- Project Engineering
- Electronic Hardware Design & Testing
- Firmware & Embedded Hardware
- Optical Systems Design & Development
- Software Engineering
- Information Technology

Safety Solutions

- Occupational and Environmental Health & Safety (OEHS)
- Quality Assurance
- Facilities Engineering
- Environmental Health & Sciences
- Project Management
- Occupational Safety Health & Environmental Services (OSHE)
- Safety Mission Assurance

DIFFERENTIATORS

- GSA MAS - 47QRAA22D0075
